PROFESSIONAL SUMMARY

SAP Ariba & MM Consultant with 2 years of hands-on experience in end-to-end implementation, configuration, and integration of SAP Ariba SLP and Sourcing modules with SAP S/4HANA. Skilled in Source-to-Pay (S2P) processes, supplier lifecycle management, Ariba Network (AN) integration, and P2P procurement workflows.

CORE SKILLS & TECHNOLOGIES

SAP Ariba: SLP (Supplier Lifecycle & Performance), Sourcing, Ariba Network (AN), Source-to-Pay (S2P), Supplier Onboarding, Registration & Qualification Questionnaires, Approval Workflows, RFP/RA Templates, Custom Reports

Integration: CIG (Cloud Integration Gateway), SAP S/4HANA Business Partner Replication, XML Payload Analysis, IDoc, Web Services, Interface Monitoring.

SAP MM / P2P: PR, PO, SES, GR, MIRO, Material Master, Vendor Master, Purchasing Org Setup.

Other: SAP Fiori, SAP S/4HANA, SAP Activate Methodology, SQL, UAT, Hypercare & Post Go-Live Support

WORK EXPERIENCE

SAP Ariba & MM Consultant | Tech Mahindra

September 2024 – Present

- Implemented and configured SAP Ariba SLP and Sourcing modules covering supplier onboarding, qualification workflows, custom reports, and event templates aligned with client procurement processes.
- Supported SAP MM Procure-to-Pay (P2P) operations including incident resolution, root cause analysis, and seamless execution of PR-to-PO-to-MIRO workflows.
- Diagnosed and resolved SAP Ariba-S/4HANA integration failures via CIG through interface monitoring, XML payload analysis, IDoc mappings, and S/4 master data validation.
- Managed Business Partner replication from Ariba SLP to SAP S/4HANA, including validation and defect resolution during integration testing and hyper care phases.
- Supported automation of PO and Contract flows from SAP Ariba to SAP S/4HANA.

PROJECT EXPERIENCE

SAP Ariba SLP & Sourcing - Implementation & Support (Upstream / S2P)

- Configured supplier request templates, registration/qualification questionnaires, and multi-level approval workflows for end-to-end supplier onboarding and supplier management.
- Created and maintained sourcing event templates (RFP, RA) in line with client procurement requirements.
- Performed Business Partner integration testing and validated supplier data replication from Ariba to SAP.
- Supported defect resolution across implementation, SIT, UAT, and hyper care phases.
- Enabled PO and Contract integration from Ariba to SAP, supporting automated procurement transaction flows.

New Age Finance - SAP S/4HANA MM Implementation & Support

- Configured MM org structure: Company codes, Purchasing organizations, Plants, and Storage locations.
- Created and maintained Material Master and Vendor Master data in alignment with business and procurement requirements.
- Supported end-user UAT and training sessions; provided post go-live hyper care support for procurement operations.

AWARDS & RECOGNITION

- Standing Ovation Award -Tech Mahindra:** Recognized for successfully delivering the SAP Ariba SLP & Sourcing implementation end-to-end.
- Bravo Award - Tech Mahindra:** Awarded for demonstrating functional expertise in resolving critical SAP MM P2P workflow issues under production conditions.
